

# PEBBLE BEACH

## NC CONSTRUCTION

BUILT ON TRUST. BUILT TO LAST.

### Project Specifications:

This home in Pebble Beach uses large, bright glass windows to provide expansive views and maximize natural light and energy efficiency. The outdoor living area is constructed with durable materials designed to withstand coastal conditions, featuring a streamlined fireplace and reinforced pillars for long-term stability. Thoughtfully integrated with its environment, the home's design showcases modern construction techniques while maintaining harmony with the surrounding greenery.

N.C. Construction built our fabulous home from start to finish. Working with Nason and his staff was truly a great experience. They are professional and easy to communicate with. Everyone who enters our home comments on the quality of work. I can not say enough good things about N.C.Construction!- *Susie F., Owner*
