## NC CONSTRUCTION BUILT ON TRUST. BUILT TO LAST.

### Project Specifications:

The Quail Meadows home in Monterey, California, blends modern luxury with rustic touches. Vaulted ceilings with exposed wooden beams add warmth and space, while large windows bring in natural light and offer stunning views of the surrounding landscape. The open-plan living and kitchen areas are designed for easy entertaining, with sleek, modern finishes and natural materials. These complement the outdoor design, which includes a pool and beautifully landscaped terraces, creating a serene, resort-like atmosphere.

Building this custom home was a rewarding experience. The seamless collaboration between the architect and owner allowed us to create a design-build that captured the homeowner's vision while being able to show off our quality craftsmanship. Every detail, from layout to finishing touches, was thoughtfully planned, resulting in a stunning home we are proud to have built. The teamwork throughout the project helped bring this dream home to life efficiently and beautifully. - *Nason Campbell, Owner*
